

The Center

for Christian Counseling, Consultation & Training, Inc.

October 21, 2015

Dear Church/Parachurch Leader:

A bit of history: Back in July, 2013 The Center for Christian Counseling, Consultation and Training, Inc. conducted special training for area pastors/Christian leaders on the topic of helping Christian leaders who work with those struggling with an addiction. The feedback from those that attended was extremely positive; therefore we are gearing up for a fall **2015 Pastors' Training** on the topic of: **Substance Abuse (Alcohol and Drug Addiction) and the Church.**

The Goal - To be a substantive and real support to Christian leaders by providing training on topics that are relevant and useful to pastors in their role as pastoral counselors.

To equip Christian leaders to better meet the needs of people in their congregations who struggle with alcohol and drug addiction as well as how medication may or may not be helpful.

To allow you to hear from professionals who specialize in the areas listed below who will be able to give you practical information and insight to better equip you in your role as pastoral counselors.
