

- An excellent opportunity for a cross-cultural exchange with your family!
- Students come to SJNMA from more than 12 different countries!
- Many international students are not able to return home during Thanksgiving, Christmas or Spring Break because of time and cost.
- Some international students do not see their families for the academic year.
- International students wish to learn more about American culture outside of our school community.

Are you interested in
cultural exchange?

Host an international student
from St. John's Northwestern!
